

These are the ORS Formatting Requirements for Submitting an Abstract

John W. Smith¹, Mary B. Jones^{1,2}, Karen L. Brown¹, Vince Samuels²
¹University of Kentucky, Lexington, KY, ²Mayo Clinic, Rochester, MN
Email of Presenting Author

Disclosures: John W. Smith (N), Mary B. Jones (3C-ABC Company; 4-ABC Company, XYZ Inc.), Karen L. Brown (3C-ABC Company), Vince Samuels (N) (Information for disclosures can be taken from the online abstract system after entering all authors.)

TITLE:

Type the abstract title in upper and lower case letters centered at the top of the page. Use a short, substantive title. **Font is Times New Roman 10 point Font.**

AUTHORS AND CO-AUTHORS:

The Presenting Author should be listed first on the abstract followed by all the co-authors. **Font is Times New Roman 8 point Font.**

The author list appears after the title of the abstract, must be in proper case and centered. Enter the authors' names in the order of contribution or in the order they should appear on the submitted abstract with the presenting author listed first. The email of the presenting author can be provided after authors.

INSTITUTION(S):

List the institution name, city, state, and county if applicable, indicating each institution by number. **Font is Times New Roman 8 point Font.**

AUTHOR DISCLOSURES

List all the authors and their disclosures which can be found on your abstract confirmation after entering authors and disclosures in the online system. **Font is Times New Roman 8 point Font.**

ABSTRACT BODY: Font is Times New Roman 8 point Font. Abstract body includes the following: (If noting a brand name of a product you used, please do not list the city, state or country.)

ABSTRACT INTRODUCTION: The introduction must contain a brief statement of the question, hypothesis, or objective. Please remember the interdisciplinary nature of the Society's membership when writing your abstract. The opening paragraph should be understandable and of interest to both specialist and non-specialist alike.

METHODS: Methods, including statistical techniques; human experiments must note approval of an institutional review board and informed consent and animal experiments must note approval of an institutional review board conforming to the laws and regulations of the country of origin.

RESULTS SECTION: Essential results, including data, sample size and statistics.

DISCUSSION: Discussion, including limitations and conclusions within the framework of stated question, hypothesis, or objective.

SIGNIFICANCE/CLINICAL RELEVANCE: (1-2 sentences): Please provide context for this study in terms of its significance and clinical relevance in your abstract. Please refer to the NIH guidelines for description of significance:
http://grants.nih.gov/grants/peer/guidelines_general/impact_significance.pdf
<http://grants.nih.gov/grants/peer/critiques/rpg.htm>

REFERENCES: Include references here. (References are Optional)

ACKNOWLEDGEMENTS: Include acknowledgements here. (Acknowledgements are Optional)

FORMAT:

Abstract information must **not** appear on or outside the margins.

Abstracts **must be created in a** Word or RTF document formatted to 8.5" x 11" (21.59cm x 27.94cm) with the following margin settings:

Top & Bottom 0.75 inch (1.91cm)
Left & Right 0.75 inch (1.91cm)

Type should be 10 points for the Title and 8 points for authors, institutions, disclosures, and body sections. Times New Roman is the only font approved for use.

Save abstracts as a PDF before uploading to the submission site.

IMAGES AND TABLES:

Images and tables will appear at the end of the abstract and must be sized to fit within the abstract.

Abstracts should fit 1 page including images.
