

Discovery to Delivery in Tendon Research: Team Approaches

November 15 – 17, 2018

Oregon Health and Science University, Portland, OR

Join us for the **ORS Tendon Section 2018 Conference**. The conference will serve as an exchange of cutting edge findings in tendon research and as a central platform to foster the development of the tendon research community.

Conference Organizers

Peter C. Amadio, MD, Mayo Clinic

Kathleen Derwin, PhD, Cleveland Clinic

Catherine K. Kuo, PhD, University of Rochester

Ronen Schweitzer, PhD, Shriners Hospital – Research

Keynote Speaker: Lou Soslowsky, PhD, University of Pennsylvania

“Perspectives on the Field of Tendon Research and the Roles of Decorin and Biglycan in Tendon Structure and Function”

Deadline for Abstract Submission: **Monday, August 13, 2018**

Abstracts will be selected for presentation as a podium or poster and can be submitted in the following categories:

- Tendon Biology
- Tendon Development
- Tendinopathy
- Biology and Pathology of the Enthesis
- Tendon Injury and Repair

Advanced Registration Deadline: **September 13, 2018**
