

AGREEMENTS/INSTRUCTIONS

Authors submitting an abstract, or those submitting on behalf and with permission of the authors, agree to the following:

- It is agreed, that if the abstract is accepted, the presenting author will register for, attend and participate in the ORS 2020 Annual Meeting. If the presenting author cannot attend, a co-author may present on their behalf with prior notification to the ORS.
- If accepted as a poster presentation, it is agreed that the poster will be displayed the entire duration of the assigned poster session: Poster Session 1 or Poster Session 2. Authors do not have a choice of which session they are selected for.
- The abstract presented has not been previously presented or published. Please note: Abstracts presented at an ORS regional meeting do not fall under these guidelines.
- The abstract submitted is based upon the best available evidence and does not promote or recommend relevant products or services as part of the abstract presentation.
- Abstract must present results of work substantially performed prior to submission.
- No two abstracts that share one or more authors may overlap significantly in content.

ABSTRACT

- Complete ALL steps of the submission.
- Authors should create their abstract in a Word document following the [ORS Formatting Guidelines](#).
- Make sure the abstract is one-page and lists all authors.
- Copy and paste the text of the abstract from the Word document into the online submission.
- Upload images/tables to support your abstract online. Three images and/or tables are allowed per abstract.
- SAVE THE FILE AS A PDF. THE PDF FILE WILL BE THE FINAL ABSTRACT used for the mobile app and ORS website. (Please make sure ALL authors are listed on the PDF.)

[Abstract Template and Formatting Requirements for authors](#)

If you are submitting an abstract, with permission on behalf of someone else, [print these pages](#) and have each author complete them, making it easier for you to submit the information (ALL Authors need to be listed during the online submission).

[System Guidelines](#)

Please enter your abstract text below from the Word document created using the template above. Copy and paste your abstract from the Word file created. **Enter/Edit Abstract.** [Please click here for information regarding use of special characters.](#)

[Please click here for information regarding use of HTML font styles \(for browsers, other than IE, such as Chrome, Safari, Firefox, etc.\).](#)

IMAGES/TABLES:

You can create tables in the system using the Create a Table link, or upload images (including tables) separately using the Add an Image link. Add legend/text with figure before saving the image. ORS allows a total of **3 images or 3 tables per submission, or a combination of images and tables (for a total of 3).**

CATEGORY FOR REVIEW

The ORS Program Committee made some changes to the topic categories in order to decrease the significant overlap across categories. The changes should also make it much easier for our authors to select a primary category. [View the list of categories](#). ORS is accepting submissions on all research related to the musculoskeletal system and orthopaedics. If you have any questions regarding the changes or would like to provide some feedback to the Program Committee, please contact us at 847-823-5770 or orsabstracts@ors.org.

Select the topic category that most closely matches your research. Click on the **Continue** button to save your changes.

Choose the appropriate "1st topic category" (what best describes how your research applies/relates to) from the list below. The "1st topic category" is used for review and placement of your abstract in the program (podiums and posters). Select a 2nd and 3rd category, if applicable, in priority order. It is extremely important that your abstract is properly categorized as it will impact the placement for the review assignment process and, if selected, placement in the program.

III. DOCUMENTATION OF FDA STATUS FOR USES DESCRIBED

• To obtain information regarding the clearance status of a device or pharmaceutical refer to the product labeling or call the FDA 1-800-638-2041 highlighting or visit the FDA internet site at <http://www.fda.gov/medicaldevices/default.htm>.

ORS policy provides that "off-label" uses of a device or pharmaceutical may be described in the ORS' CME activities as long as the "off-label" status of the device or pharmaceutical is also specifically disclosed (i. e. that the FDA has not approved labeling the device for the described purpose). Any device or pharmaceutical is being used "off-label" if the described use is not set forth on the product's approved label.

*** In my Abstract:**

IV. NON-EXCLUSIVE LICENSE

• Authors (owner of intellectual property) have created and are the current copyright holders of any and all submitted materials identified in this application, hereinafter referred to as the "Abstract." Authors agree to license the Abstract to the Orthopaedic Research Society (ORS) according to the following terms and conditions:

1. This license shall commence upon the date of execution of this Agreement.
2. Authors hereby agree to grant the ORS a non-exclusive license for the use of the Abstract. The ORS is not obligated to use the Abstract in any way.
3. Authors are granting this license to the ORS as a contribution. Authors specifically release the ORS from any obligation to pay money or otherwise perform services for this license.
4. The ORS may use the Abstract for educational purposes and include but are not limited to, the event mobile app and on the ORS website.
5. If Authors have violated or infringed a personal or property interest (including a copyright or trademark) of any individual or entity in granting a license to the ORS to use the Abstract, Authors agree to indemnify the ORS against any and all liability for payment of claims, judgment, or settlements, for violation or infringement of any personal or property rights resulting from the ORS's use of the Abstract, and for any attorneys' fees that the ORS incurs in the defense of such claim. The ORS will promptly notify authors in writing of any such claim, and shall not settle any such claim without my prior written, expressed consent.
6. If the Abstract contains any patient-identifiable information, Authors warrant that they have obtained all necessary permissions and/or have adhered to all requirements under state and federal privacy laws and regulations (including the HIPAA privacy regulations).
7. Authors acknowledge that the first publication date for the Abstract will be on or about Friday, January 24, 2020.

AUTHOR/CO-AUTHORS

The presenting author should be listed first followed by all other authors.

Gender information will be collected and viewed only in aggregate to provide the ORS with data to move forward with initiatives to increase diversity and seek to identify and remove any barriers to inclusion. This personal information will only be available to the ORS administrative staff and CTI Meeting Technology staff and is only for the purpose described above. This personal information is only being stored in this abstract submission system platform, CTI Meeting Technology.

The order of the authors listed will be the order in which they will appear in the program book, poster book, mobile app and the ORS website.

Please include ALL authors during online submission.

Disclosure information is REQUIRED for all authors.

The information collected below of authors is required per ACCME guidelines.

The author information listed below will be published exactly as it is displayed here.

Please be sure that all author names and institutions are listed correctly. **You will not be able to add or change authors after the deadline.**

Please list as few affiliations as possible, to keep the list below the authors' names to a minimum. Instead of listing XYZ University for one author, XYZ University School of Medicine for another author, and XYZ University Hospital for another, select one for all three whenever possible.

Please use the buttons below, "**Add Author**" to add another author to this abstract and, "**Change who is the Presenting Author**" to change the order your authors are listed.

PAYMENT

A \$35 (USD) processing fee must accompany each abstract. ORS accepts payment only in the form of MasterCard, Visa, and American Express. Purchase orders, checks, and electronic bank transfers will not be accepted. This fee is non-refundable and used to cover the cost of submission and processing.

PLEASE DO NOT NAVIGATE AWAY FROM THE PAYMENT STEP UNTIL YOU HAVE RECEIVED CONFIRMATION THAT PAYMENT HAS GONE THROUGH. THIS CAN TAKE SEVERAL MINUTES, ESPECIALLY FOR INTERNATIONAL SUBMITTERS.

DO NOT CLICK SAVE AND CONTINUE MORE THAN ONCE AS THIS COULD DUPLICATE YOUR PAYMENT.
