ISFR 3-Minute Pitch Webinar Wednesday

The ISFR 3-Minute Pitch Competition

This Wednesday, June 25, 2025

12:00 PM – 1:30 PM Central

The ORS International Section of Fracture Repair (ISFR) is pleased to present its 3-Minute Research Pitch Competition. Students, post-graduates, and early career members will have three minutes to present their work using one slide about what they are working on and why it is important to the field of research of bone biology, bone regeneration, fracture repair, trauma, or related fields. The winner will be featured by the ISFR Communication Committee and will win up to \$500 in prizes. Join us this Wednesday for these exciting presentations. Webinars are free for ORS members.

The Presenters and Their Topics:

Tony Baldini

Intrinsically Disordered Peptides (P2) and Mesenchymal Stem Cells (MSCs) Simultaneously Promote Bone Regeneration and Modulate Inflammation

Feiyang Chen, PhD

Smart, Bacteria-Triggered Antibiotic-Releasing Implant Coating for Post-Traumatic Bone Fractures

Jacob Kodra

Salter Harris III and IV Medial Malleolus Fractures in Children < 10: Is This a Fracture of Necessity?

Leyi Chen

How Can We Heal Nonunion Fractures?

Elnaz Enderami

3D Spheroid Culture of Chondrocytes to Study the Interaction of Cells at the Chondro-Osseous Border of Endochondral Ossification

Aboubacar Wague

Investigating the Antibacterial Properties of Fibroadipogenic Progenitors and Their Role in Infection Control

Brandon Gittleman, MD

Surgical Stress and Physiologic Reserve: A Novel Approach to Femur Fractures

Zachary Koroneos

Finite Element Modeling of Metastatic Femurs with Prophylactic Intramedullary Nail Fixation

Aleyana La Croix

Shocking Revelations in Cryogelation: Sparking Musculoskeletal Regeneration

Compassionate Leadership Summer Series: From Burnout to Balance

Session 3: Fireside Chat - Sustaining Compassion in Leadership

Wednesday, July 16, 2025
12:00 PM – 1:30 PM Central

Join us for the third session in a three-part summer webinar series on compassionate leadership. Designed for scientists of all levels in academic, clinical, and industry settings, the webinar series includes discussions about managing stress, burnout, criticism, perfectionism, and imposter syndrome at a personal level. In this closing session, we bring together Dr. Marianne Cook and Dr. Anne Welsh for an intimate fireside chat exploring the complexities of compassionate leadership in scientific and academic environments. Drawing from their deep experience supporting high-achieving professionals, they will reflect on key takeaways from the series - recognizing burnout in others, supporting mentees and colleagues without overextending, and creating psychologically safe, values-aligned spaces. Attendees will be invited to ask questions, share insights, and engage in real talk about what compassionate leadership looks like in practice, not just in theory.

Speakers:

Marianne Cook, EdD, LICSW is a highly trained therapist specializing in helping high-achieving professionals, college and graduate students, and faculty through evidence-based approaches, offering in-person and telehealth services across MA, NY, and CT, with a deep commitment to supporting the academic community.

Anne Welsh, PhD, PMH-C, R-CPLC, ACC is a licensed psychologist and certified executive coach who specializes in helping high-achieving women in male-dominated fields like biotech, IT, and law elevate their leadership, build resolute confidence, and break free from perfectionism, all while fostering alignment between their career and personal life through a blend of practical strategies and deeper self-exploration.

Organized by:

**The ORS Women's Leadership Forum, the ORS Accessibility and Belonging Committee,
and the ORS Membership Committee**

If you missed Session 1 or Session 2 of this series, you can find the recordings in our [Video Library](#).

Award Opportunities

The following awards are now open for submissions. Keep an eye on this space in future issues of *ORS Connect*, as we will be updating the opportunities regularly. Please note that all submissions are due at 11:59 PM Central on each listed due date.

Due Friday - [ORS Collaborative Exchange Grant](#): Up to \$5,000 is available to support collaborative exchanges between orthopaedic researchers at different institutions. The grant can be used towards travel, accommodation, and living costs for investigators to visit research institutions to foster collaboration in orthopaedic related-research areas and to facilitate the exchange of new research methodologies and techniques. **Applications are due this Friday, June 27.**

[Adele L. Boskey, PhD Award](#): An honorarium of \$5,000 to a mid-career ORS member for outstanding and sustained commitment to mentorship, as well as a demonstrated track-record of an upward trajectory and impactful research program. **Nominations are due August 15.**

ORS Women's Leadership Forum Award: An honorarium of \$500 to a female biologist, clinician, or engineer who has made significant contributions to the understanding of the musculoskeletal system and musculoskeletal diseases and injuries. **Nominations are due August 15.**

ORS/RJOS Young Female Investigator Grant: A \$1,000 travel stipend provided by the Ruth Jackson Orthopaedic Society (RJOS), and complimentary registration to attend the 2026 Annual Meetings of both RJOS and the ORS. This opportunity is open to young female orthopaedic researchers. **Applications are due August 25.**

ORS/OREF Travel Grants in Orthopaedic Research Translation: Up to 14 grants of \$500 each from the ORS and Orthopaedic Research and Education Foundation (OREF) to be used for early career clinician scientists and clinical investigators to attend the ORS 2026 Annual Meeting. **Applications are due August 25.**

ORS/OREF Distinguished Investigator Award: This award honors an individual who has significantly contributed to the field of orthopaedic research, to the ORS, and OREF through their outstanding scientific achievements and their commitment of time and service. **Nominations are due September 12.**

Reserve Your Hotel by This Friday for the MSK Biology Workshop

Those who plan to attend the 51st International Musculoskeletal Biology Workshop and who want to take advantage of our **discounted hotel room rate will need to reserve their room by this Friday, June 27**. The theme for this year's workshop is: "Back to Basics: Bone Remodeling, Skeletal Cell Stimulation, and Mechanisms of MSK Disease Prevention." The event provides a forum to identify problems in musculoskeletal disease and experimental

approaches that provide solutions. Concepts debated at the workshop have had, and continue to have, a strong impact on the study of skeletal physiology and disorders. Abstract submissions for those not to be considered for an award are due June 30.

51st International Musculoskeletal Biology Workshop

July 19 - 24, 2025 (Please Note the 24th is the Departure Date)

Zermatt Resort and Spa

Call for Article Submissions for JOR Special Issue

The *Journal of Orthopaedic Research (JOR)* has announced a call for a special issue:

Tendon from Mechanism to Therapy – Emerging Technologies and Therapeutic Outcomes

This special issue will build on the ORS Tendon Conference 2024 Mechanism to Therapy – Emerging Technologies and Therapeutic Outcomes hosted by Mayo Clinic on May 30-June 1, 2024. The issue will contain perspectives, reviews, and original research papers that developed around the Tendon Conference and recent Tendon Section areas of interest. This

issue will serve as a valuable resource for researchers, trainees, and investigators new to tendon research, while also fostering collaborations between experts in the field. The guest editors for this issue will be Anne Gingery, PhD (Mayo Clinic) and Karin Grävare Silbernagel, PT, ATC, PhD, FAPTA (University of Delaware). **Submissions are due next Monday, June 30.**

You can submit your article for the special issue via the link below. Be sure to answer “yes” to the question, “Is this submission for a special issue?” Then select "Tendon from Mechanism to Therapy" from the drop-down menu.

[Submit Your Article](#)

Volunteer with the ORS in 2026

The Call for Volunteers is open for members interested in expanding their roles in the ORS in 2026. This is a great opportunity to give back to the organization and the field of orthopaedics. Volunteering with the ORS lets you share your knowledge, skills, ideas, resources, and experience to help other members and to advance the mission of the society. There are a variety of positions available, including: committee members, journal reviewers, section representatives, event assistance, and more. All active ORS members, of any career level, in any location, and in good standing are eligible to volunteer. **Applications are due next Monday, June 30.**

ORS Community Network Spotlight

Welcome to our newest ORS Community Network! The **Skeletal Muscle Community Network** will promote collaboration, innovation, education, and translation in the skeletal muscle research community. It will foster communication across disciplines that participate in multi-organ crosstalk with skeletal muscle. The objectives of this network are to improve skeletal muscle repair, regeneration, rehabilitation, and overall motor function across skeletal muscle development, aging, trauma, disuse, and diseases. About the new network, member Hongshuai Li, MD, PhD states, "This is a big step forward in bringing skeletal muscle researchers together across disciplines. I am thrilled to see ORS embracing skeletal muscle research and creating a true home for this fast-growing community."

The ORS offers Community Networks for those with similar interests to connect with each other, share experiences, and form life-long friendships and collaborations. Community Networks include:

- **Advocates for Access**
- **Asian Leadership Forum**
- **Black Orthopaedic Research Network (BORN)**
- **Emerging Orthopaedic Surgeons**

- **Foot and Ankle**
- **Junior Faculty**
- **Pride @ ORS**
- **Skeletal Muscle**
- **Temporomandibular Joint**

If you are interested in joining any of these ORS Community Networks, please contact Nikita Halapeti, ORS Data and Program Specialist, at halapeti@ors.org.

ASM Award Opportunity

AMERICAN
SOCIETY FOR
MICROBIOLOGY

Nominations for the 2026 American Society for Microbiology (ASM) Awards and Prize are now open. The ASM Awards and Prize program honors scientists at all career stages and across all fields of the microbial sciences who have made significant contributions in research, education and leadership. **The nomination deadline is July 1.**

Register for the ICORS 2025 World Congress

Registration is open for the International Combined Orthopaedic Research Societies (ICORS) 2025 World Congress. The event will take place October 8-11 in Adelaide, Australia. ICORS is an alliance of societies that promotes basic, translational, and clinical musculoskeletal research worldwide. The ICORS World Congress takes place every three years. A range of primary fields of research will be represented, including: biology, biomechanics, clinical, imaging, and tissue engineering. **You can register at the earlybird rate until August 1.**

ORS Sweaters Available

The beautiful blue ORS sweater made its debut at the ORS 2025 Annual Meeting. This highly popular and very fashionable sweater has been the subject of numerous requests over the years, and it is now available. The cozy sweater has a 1/4 zip and will be perfect for cool evenings. It is a great way to share your support for the organization and your enthusiasm for musculoskeletal research. You can order the sweater now via the link below.
