The MSK Biology Workshop Starts Saturday

The 51st International Musculoskeletal Biology Workshop starts this Saturday, but you can still register. The theme for this year's workshop is: "Back to Basics: Bone Remodeling, Skeletal Cell Stimulation, and Mechanisms of MSK Disease Prevention." The event provides a forum to identify problems in musculoskeletal disease and experimental approaches that provide solutions. Concepts debated at the workshop have had, and continue to have, a strong impact on the study of skeletal physiology and disorders.

51st International Musculoskeletal Biology Workshop

Starts This Saturday, July 19 - 24, 2025 (Please Note the 24th is the Departure Date)

Abstracts Due Tomorrow for FrameWORX 2025

Join 250 industry leaders, researchers, clinicians, and innovators at FrameWORX: The Future of Musculoskeletal Health. Presented by BioCrossroads, the event will take place on August 20, 9:00 AM - 6:00 PM, at Indiana University in Warsaw, IN, and will include tours, speaker sessions, poster presentations, exhibits and more. The ORS will be participating in the event. Michael David, PhD, Associate Chair of the ORS Ambassadors, will represent the organization at the ORS booth, and Hicham Drissi, PhD, 1st Vice President of the ORS Board, will be speaking. **The call for abstracts to participate in the poster session is open and submissions are due tomorrow, July 15.** Registration is free.

Compassionate Leadership Summer Series: From Burnout to Balance

Session 3: Fireside Chat - Sustaining Compassion in Leadership

This Wednesday, July 16, 2025

12:00 PM – 1:30 PM Central

Join us this Wednesday for the third session in a three-part summer webinar series on compassionate leadership. Designed for scientists of all levels in academic, clinical, and industry settings, the webinar series includes discussions about managing stress, burnout, criticism, perfectionism, and imposter syndrome at a personal level. In this closing session, we bring together Dr. Marianne Cook and Dr. Anne Welsh for an intimate fireside chat exploring the complexities of compassionate leadership in scientific and academic environments. Drawing from their deep experience supporting high-achieving professionals, they will reflect on key takeaways from the series - recognizing burnout in others, supporting mentees and colleagues without overextending, and creating psychologically safe, values-aligned spaces. Attendees will be invited to ask questions, share insights, and engage in real talk about what compassionate leadership looks like in practice, not just in theory. Webinars are free to ORS members.

Meet the Speakers:

Marianne Cook, EdD, LICSW is a highly trained therapist specializing in helping high-achieving professionals, college and graduate students, and faculty through evidence-based approaches, offering in-person and telehealth services across MA, NY, and CT, with a deep commitment to supporting the academic community.

Anne Welsh, PhD, PMH-C, R-CPLC, ACC is a licensed psychologist and certified executive coach who specializes in helping high-achieving women in male-dominated fields like biotech, IT, and law elevate their leadership, build resolute confidence, and break free from perfectionism, all while fostering alignment between their career and personal life through a blend of practical strategies and deeper self-exploration.

Organized by:

**The ORS Women's Leadership Forum, the ORS Accessibility and Belonging Committee,
and the ORS Membership Committee**

Coming Soon:

Member Q&A With the Board

Wednesday, July 23, 2025

12:00 PM - 1:30 PM Central

For ORS Members Only

Recent changes enacted by the federal government affecting research, safety, security, and travel have caused some concern in our committees and in ORS general membership. The Accessibility and Belonging Committee and the Women's Leadership Forum will host this membership townhall to gauge the needs and concerns of our ORS community and to aid in the development of programming for 2025-2026. The Board of Directors and ORS Interim

Executive Director and CEO will address questions and concerns from our members. Breakout groups will discuss challenges and what steps various groups are taking to handle changes. This webinar is only available to ORS members.

Coming Soon:

Musculoskeletal Research at the VA

Wednesday, July 30, 2025
12:00 PM - 1:30 PM Central

The VA Musculoskeletal Research Program is part of the U.S. Department of Veterans Affairs' efforts to advance research focusing on improving the health and function of veterans with musculoskeletal conditions. This webinar will bring together three speakers from this government agency to discuss the bench to bedside process of technology development. The event will include 30 minutes for Q&A.

Applications Due July 30
for the Young Investigator Initiative

YII Young Investigator Initiative

A Grant Mentoring and Career Development Program

Applications are due July 30 for the ORS Young Investigator Initiative (YII). The event will take place October 17-19 in Rosemont, IL. This multi-disciplinary grant mentoring and career development program provides young investigators in the musculoskeletal sciences with guidance on constructing well-founded research proposals and securing funding for basic, translational, or clinical research. The program is open to all Junior Faculty, Fellows, Post-Doctoral Researchers and Residents. Previous attendees are also invited to return to review their Summary Statements, discuss next steps, and obtain further guidance from our experienced and supportive faculty mentors.

A Message from Wiley on Journal Article Submission

WILEY

Those who are submitting journal articles should be aware that, as of July 1, Wiley has changed its policy regarding deposit of NIH-funded papers into PubMed Central (PMC) on behalf of authors:

- Wiley will no longer deposit accepted articles to PMC on behalf of National Institutes of Health (NIH) funded authors who publish non-Open Access articles. These authors are responsible for depositing their articles in PMC. [Please see Wiley's instructions on how to do it.](#)
- Wiley will continue to deposit articles to PMC on behalf of authors who publish their articles in Open Access journals.

This policy change was made to meet requirements for the NIH public access plan, to allow authors to comply with funding mandates, and to support the sustainability of our publishing operations and partnerships.

Also, on July 8, the NIH announced that they will implement a cap on allowable publication costs for NIH funded research. NIH has not yet defined what the cap will be or provided specifics on how it will be calculated. More information will be provided as this develops.

Award Opportunities

The following awards are now open for submissions. Keep an eye on this space in future issues of *ORS Connect*, as we will be updating the opportunities regularly. Please note that all submissions are due at 11:59 PM Central on each listed due date.

[Adele L. Boskey, PhD Award](#): An honorarium of \$5,000 to a mid-career ORS member for outstanding and sustained commitment to mentorship, as well as a demonstrated track-record of an upward trajectory and impactful research program. **Nominations are due August 15.**

[ORS Women's Leadership Forum Award](#): An honorarium of \$500 to a female biologist, clinician, or engineer who has made significant contributions to the understanding of the

musculoskeletal system and musculoskeletal diseases and injuries. **Nominations are due August 15.**

[ORS/RJOS Young Female Investigator Grant](#): A \$1,000 travel stipend provided by the Ruth Jackson Orthopaedic Society (RJOS), and complimentary registration to attend the 2026 Annual Meetings of both RJOS and the ORS. This opportunity is open to young female orthopaedic researchers. **Applications are due August 25.**

[ORS/OREF Travel Grants in Orthopaedic Research Translation](#): Up to 14 grants of \$500 each from the ORS and Orthopaedic Research and Education Foundation (OREF) to be used for early career clinician scientists and clinical investigators to attend the ORS 2026 Annual Meeting. **Applications are due August 25.**

[The ORS Early Career Outreach Travel Award](#) provides ten awards of \$300 each to help offset travel and lodging expenses for volunteers who will participate in the ORS Open Door event the morning of Friday, March 27 at the ORS 2026 Annual Meeting. **Submissions are due August 25.**

[The William H. Harris, MD Award](#) provides a \$5,000 honorarium based on the scientific merit of a basic and/or clinical research paper involving the hip that has been accepted for publication in the *Journal of Orthopaedic Research (JOR)*. **Submissions are due August 25.**

The American Academy of Orthopaedic Surgeons (AAOS) is proud to introduce its new [Orthopaedic Research Excellence Awards \(OREA\)](#) which will recognize groundbreaking contributions to musculoskeletal science. **Submissions are due August 31.**

[ORS/OREF Distinguished Investigator Award](#): This award honors an individual who has significantly contributed to the field of orthopaedic research, to the ORS, and OREF through their outstanding scientific achievements and their commitment of time and service. **Nominations are due September 12.**

**Call for Abstracts Open
for the 2026 Annual Meeting**

The call for abstract submissions is open for the ORS 2026 Annual Meeting. The meeting will take place March 27-31 in Charlotte, NC, and will bring together attendees of all career levels and disciplines to connect and explore the latest innovations in orthopaedics. The theme for the meeting ties in with the enthusiastic racing community in Charlotte - "Driving Research to Fuel Discovery." Submit your abstract today to help us shape the content of our organization's most important event. **Submissions are due August 25.**

[Submit Your Abstract](#)

New Funding Opportunities from OREF

Orthopaedic Research and Education Foundation (OREF) is pleased to announce the availability of more than \$550,000 in new funding. Applications are now available for OREF signature grants, pain management research, support for NIH K Award recipients and a new opportunity for early-stage investigators.

Register for the ICORS 2025 World Congress

Registration is open for the International Combined Orthopaedic Research Societies (ICORS) 2025 World Congress. The event will take place October 8-11 in Adelaide, Australia. ICORS is an alliance of societies that promotes basic, translational, and clinical musculoskeletal research worldwide. The ICORS World Congress takes place every three years. A range of primary fields of research will be represented, including: biology, biomechanics, clinical, imaging, and tissue engineering. **You can register at the earlybird rate until August 1.**

Article Submissions for JOR Special Issue

The *Journal of Orthopaedic Research (JOR)* has an open call for a special issue:

Tendon from Mechanism to Therapy – Emerging Technologies and Therapeutic Outcomes

This special issue will build on the ORS Tendon Conference 2024 Mechanism to Therapy – Emerging Technologies and Therapeutic Outcomes hosted by Mayo Clinic on May 30-June 1,

2024. The issue will contain perspectives, reviews, and original research papers that developed around the Tendon Conference and recent Tendon Section areas of interest. This issue will serve as a valuable resource for researchers, trainees, and investigators new to tendon research, while also fostering collaborations between experts in the field. The guest editors for this issue will be Anne Gingery, PhD (Mayo Clinic) and Karin Grävare Silbernagel, PT, ATC, PhD, FAPTA (University of Delaware). **The deadline for submissions has been extended until December 31, 2025.**

You can submit your article for the special issue via the link below. Be sure to answer “yes” to the question, “Is this submission for a special issue?” Then select "Tendon from Mechanism to Therapy" from the drop-down menu.

[Submit Your Article](#)

ORS Sweaters Available

This beautiful, blue, cozy 1/4 zip ORS sweater is now available. Perfect for cool evenings, the sweater is also a great way to share your support for the organization and your enthusiasm for musculoskeletal research. You can order your own sweater now via the link below.
