

Strategies in Clinical Research Section Scientific Meeting

Current Applications and Challenges of Artificial Intelligence Technologies in Musculoskeletal Clinical Research

Time	Topic <i>Presenter</i>	Action/Topic Focus
1:15-1:35 pm	Dr. Marmor Meir, University of California, San Francisco, CA, US	The State of AI in Orthopaedic Trauma
1:35-1:55 pm	Dr. Gagnier Joel, Western University, ON, Canada	AI & Machine Learning for Trial Simulation and Exploration of Treatment Effect Heterogeneity
1:55-2:15 pm	Dr. Gatti Anthony, Stanford University, CA, US	Automating and Standardizing Quantitative Imaging Outcomes in Orthopaedic Clinical Research Using AI
2:15-2:25 pm	Q&I	
2:30-3:15 pm	Refreshments & Debate
