Learn How to Communicate Science to Policymakers

Attend the Annual Meeting Advocacy Session, [Advocating for Impact: Shaping Public Policy and Funding the Future of Orthopaedic Research](#), on Sunday, March 29, from 2:30–3:30 PM, organized by the ORS Public Outreach Committee.

The first headline speaker is **Dawn Beraud, PhD**, Executive Director of the American Institute for Medical and Biological Engineering (AIMBE). In her talk she will share strategies for effectively communicating research to policymakers and strengthening advocacy for musculoskeletal science.
