

Congressional Briefing on Musculoskeletal (MSK) Pain

Call for Speakers! MSK Pain AIMBE, ASBMR, and ORS are seeking individuals with active research projects on this topic to serve as speakers for the briefing. This Congressional Briefing hosted in coordination with the Longevity Science Caucus provides you with an opportunity to interact with legislative staffers and help shape how emerging science is understood and prioritized in policy discussions. [Click here to learn more about the event and apply to participate by Thursday, April 30, 2026.](#) AIMBE and ASBMR will select and provide travel support for up to two Fellows to participate in this event.

Tissue Teamwork: Skeletal Muscle's Crosstalk with Bone, Fat, Tendon, & Nerve

Wednesday, May 6, 2026
12 - 1 PM Central Time

[Register Here](#)

Brought to you by the Skeletal Muscle Research Section, this webinar focuses on the current understanding of how skeletal muscle communicates with adjacent tissues (e.g., adipose, bone, nerve, and tendon) through cellular, biomolecular, or mechanical means and discusses the clinical implications for musculoskeletal injuries and diseases.

[ORS 2026 Annual Meeting Photos](#)
