2027 ANNUAL MEETING

February 19–23, 2027

San Francisco, California

SUPPORTING THE
FRAMEWORK OF INNOVATION

Business Innovation Competition Call for Submissions is open!

Learn More

Innovation Committee

Taking place at the [2027 ORS Annual Meeting](#), the Business Innovation Competition provides an opportunity for individuals with innovative ideas in the field of musculoskeletal research to validate the market potential of their technology and develop a commercialization plan through expert mentorship and feedback to help translate their ideas from bench to market. This program is ideal for early-stage companies, clinicians, researchers, and students at all career levels. **All participants are required to submit an Executive Summary, which is due October 7, 2026.**

Don't Miss Your Chance to Share Late-Breaking Science *Have exciting new research to share?*

The [2027 ORS Annual Meeting](#) late-breaking abstract submission period will be open October 12 through November 9, providing researchers with the opportunity to submit groundbreaking scientific findings that were not ready for inclusion by the August abstract deadline. This category is specifically designed for truly late-breaking research where preliminary data was unavailable during the initial submission period. If you've recently generated impactful results, this is your chance to showcase your work to the orthopaedic research community and contribute to the latest scientific advancements presented at the meeting. Stay tuned for additional details and submission information.

Save the Date!

ORS is happy to collaborate on a webinar with the American Shoulder and Elbow Surgeons. Join panelists Asheesh Bedi, MD, ORS Member Brian Feeley, MD, and ORS Member Augustus Mazzocca, MD as they present *Regenerative Medicine for Treatment of Shoulder Pathology* on [Tuesday, September 29, 2026](#) at 7:00 PM Central. No registration required - simply tune in!

YII Young Investigator Initiative
*A Grant Mentoring and
Career Development Program*

October 23 to 25, 2026 -- Rosemont, Illinois
YII offers 1:1 Mentoring and a Mock Study Session!

Track I of this grant mentoring and career development program provides early career researchers with guidance on constructing well-founded research proposals and securing funding for basic, translational, or clinical research both in individual and group settings. In addition, Track II is available to investigators who seek further guidance and/or wish to obtain insight from our experienced and supportive faculty mentors. This Program also includes a Mock Study Session!

Limited Seating Still Available!
